*Product Range Number 6*

## *Decorative Scotias*

**Product:**

A range of 8 decorative mouldings to complement any depth of eave.

**Composition:**

White UV resistant glass reinforced plastic.

**Use:**

Maintenance free features which create classic lines on new or refurbished eaves.

**Recommended Installation:**

New - self tapping 25mm screws - to be fixed through soffit into plywood fixing support within moulding.

**Refurbishment:**

Cut timber or PVC board to size of opening in moulding and fix to soffit board with self tapping 25mm screws. Glue the moulding onto the previously adhered timber/PVC board

using solvent contact adhesive. Ensure area to be glued onto is smooth and free from dust, flaking paint, damage or rot and mould growth.

**Storage:**

Can be stored outside. Do not lay other items on top of mouldings.

**Packaging:**

Delivered loose in cardboard cartons.

**Availability:**

Curley GRP Mouldings  
100 Birling Road,  
Rookery Hill,  
Snodland,  
Kent. ME6 5DZ
